Back-End: Ruby, Rails, MySQL, RSpec, NodeJs.

Tools & Methods: Git, GitHub, Heroku, Netlify, Mobile/Responsive Development, RSpec, TDD, Chrome Dev Tools, TypeScript.

Professional: Remote Pair-Programming, Teamwork, Mentoring.

EXPERIENCE

HIGHLIGHTED PERSONAL PROJECTS

[Work-hours](#) (April 2021) Rails app that allows users to keep track of a project's work hours. The app displays who created the work hours and groups them by tasks. Users can also see monthly reports of the project's progress.

- Built with: Ruby on Rails, Heroku, Rspec, Capybara.

[Social-Media-App](#) (March 2021) Rails implementation of a social media app. Users can create posts, and other users can comment on and like those posts. Befriending others allows users to see each other's posts on their Timeline.

- Built with: Ruby on Rails, Heroku, Rspec, Capybara.

[Worldwide-COVID19-Statistics](#) (June 2021) A single-page application made using React, and Redux. It shows all of the COVID-19 statistics, for each and every country in the world. The statistics are updated hourly.

- Built with: React, Redux, Jest.

MICROVERSE Mentor (Volunteer)

February 2021 – Present

- Mentored junior web developers, providing technical support through discussion of industry-standard best practices and techniques to improve code.
- Increased student motivation by explaining why each part of the program was important and how it would benefit a mentee.
- Helped students in understanding, solving, and improving algorithms.

EDUCATION

MICROVERSE

January 2021 – Present

Remote Full Stack Web Development Program, Full Time

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair-programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

UNIVERSITY OF JORDAN

Industrial Engineering

June 2016 – December 2020

- Wrote thesis on Fuzzy Inference Systems (AI department).
